

## Beyond Problems

*"Existing problems cannot be solved at the same level of consciousness that created them."*—Albert Einstein

We humans often make futile attempts to solve problems at the same level all the time. Henry Thoreau noted: "For every thousand hacking at the leaves of evil, there is one striking at the root." Heaven on Earth Coaching™ strikes at the *root* of a person's existence—watering that root, your inner Being—so that the leaves, fruits, and bark of the tree of your life can be nourished. This unique coaching uses behavior, speech, thinking, feeling, and intuition to increase joy, and create the life you truly desire. It helps solve problems, and prevents others from emerging in the first place. While this coaching strengthens your individuality, it also opens access to the *Universal* part of your nature.

## Heaven on Earth Coaching

*"Earth's crammed with Heaven."*  
—Elizabeth Barrett Browning

If you watch the news out of Washington, it seems as if Reality itself is under attack. In such a bumpy environment, how can you truly find your *ultimate* Reality? The deeper truth is that the Truth you've been seeking --perhaps in Saturday Yoga classes or by dabbling in meditation—has also been seeking you. Heaven on Earth Coaching helps the two of you to meet in harmony and peace.

It draws upon humanity's timeless wisdom—from the Hebrews, Jesus, Buddha, Lao Tzu, and the Vedas--to coach you to create the life that you were truly born to live. It incorporates time-tested principles of how the Universe works, so that you can flow in

harmony with Nature; work in tune with your purpose; and develop mental clarity, purity of heart, and spiritual peace. This timeless wisdom includes knowledge of:

- \* **Karma, the Law of Action**
- \* **Dharma (Action attuned to Cosmic Law)**
- \* **Higher States of Consciousness**
- \* **Enlightenment itself**

Being in tune with Nature frees you from struggle, attracts greater synchronicity, and inspires far more support from the Universe for the fulfillment of your desires than you've dreamed possible. As Taoist Huai Nan Tzu said, "He who conforms to the course of the Tao, following the natural processes of Heaven and Earth, finds it easy to manage the whole world."

## Beyond Life Coaching

*"To a mind that is still, the whole universe surrenders."*—Chuang Tzu

Most Life Coaching, and the Breakthrough Coaching Basic Program, are concerned with solving your individual problems. *Heaven on Earth* Coaching goes beyond that to create *universal* breakthroughs. It does so by combining powerful shifts in thinking, speaking, and action, while incorporating the all-important, but overlooked, *third* field of life: *the field of Being*. It does this by contacting your higher Self--**the Transcendent Itself**--located beyond thinking at the deepest level of your mind. This contact is beyond words—"unbounded awareness" and "deep peace" are about the best we have so far.

*"The still mind of the sage is a mirror of heaven and earth—the glass of all things."*  
—Chuang Tzu

Connection to your true Self provides greater clarity of thinking to see solutions where before you saw only problems. This enables you to plunge energetically into action with greater enthusiasm and defined purpose, leading to greater accomplishments and fulfillment.

Life Coaching solves problems in a *timely* manner, Heaven on Earth Coaching creates bigger breakthroughs in a *timeless* manner. That's because contacting the Transcendent, outside of the field of time itself, infuses *timelessness* into your mind, letting you create from the silence and power of the Eternal Now. This effortless meditation, carried on by the same Intelligence that beats the heart in your chest and breathes oxygen into your lungs, empowers your nervous system to purify itself of toxins, fatigue, and long-standing stress.
